

## Joan Kirner Women's and Children's Quick Reference Guide

### HAND HYGIENE PRODUCTS

- You will notice a change of the wall mounted alcohol based hand rub (ABHR) dispensers at JKWC. We have replaced the blue brackets on the wall with a larger sealed dispensers. That will contain the same product Skinman Soft N in 1.2 Lt Bladder.
- The following products will be required to facilitate hand hygiene at JKWC:
  - HAND SANITISER LOTION ANTIMICROBIAL 1.2LTS (SKINMAN SOFT N) #7101050  
For the new wall mount dispensers, this product is not currently available in this size so we'll need to get it on the system
  - HAND ALCOHOL SANITISER SPIRIGEL 1.2LTS LOTION #7101045.  
This is for public areas electronic dispensers only.
  - HAND SANITISER LOTION ANTIMICROBIAL 500ML (SKINMAN SOFT N) #13037920  
These go on beds and trolleys. I assume some of which will be moved with the patients but we'll need some stock on the wards.
  - BRACKET RED 500ML (SKINMAN) #99001028  
All new beds and procedure trolleys will need one of these attached with tie clips
  - MOISTURISER HAND LOTION 500ML (MICROSHIELD) #70000358  
Dispenser at every sink.
  - HANDWASH MICROSHIELD 1.5LT WHITE #70000362  
Dispenser at every sink.
  - HANDWASH MICROSHIELD 4 CHLORHEXIDINE 1.5LT PINK #70000360  
Every sink with second dispenser.
  - HANDWASH MICROSHIELD 4 CHLORHEXIDINE 1.5LT PINK #70000360
  - HANDWASH MICROSHIELD POVODINE IODINE 1.5LT #70000371
  - SCRUB SURGICAL ANTISEPTIC ALCOHOL RUB FOR HAND/ARM 1.2L (SKINMAN 90) #7101051
  - Dispensers at scrub sinks.
  - CREAM MICROSHIELD 100G SENSIVA PROTECTIVE. (Daily use)  
CREAM MICROSHIELD 50G SENSIVA REGENERATION. (Home and night time use)  
For staff with occupational dermatitis, use of these products is usually recommended by infection Prevention
